TERRIBLE CASE OF STARVATION—AN INFANT LOCKED UP IN A ROOM AND ABANDONED—ITS RESCUE.

On the north side of George street, between John and Smith streets, is a large brick building of three stories, which has for many years been used as a school house, but which, for many months past, has been occupied as a tenement house by a number of poor people. For several weeks past there has been confined in a room of the third story of this house a female child, nearly three years old, the unnatural mother and father of which seemed to have cared but little for its fate, if, indeed, they have not actually desired its death. Day after day the mother has left it there, tied to a chair, early in the morning, without any chance for nourishment, locked the door upon it, and absented herself from it until late in the night.

Some time since the attention of neighbors on the west was called to the room by the faint wailings that proceeded from it.—As the notes of distress continued, day after day, they became nervous, curious, and anxious, and at length they determined to solve the mystery. A plank was laid from the roof to the window of the room from which the noises proceeded, a man made his way across, forced open the window, entered the room, and was horrified at the sight that met his gaze. Tied up in a hard chair was a living skeleton of bones, held together by parchment like skin—a something human that was yet horrible and ghost-like—a child that might be three months or three years of age, with glistening eyes, far sunken under the forehead, claw like fingers of the size of straws, that sawed the air, while the head waved back and forth, pipestem legs, on which there was no flesh.

The situation was apparent in a moment. The object was a girl of three years, who called herself Maggie, and said she was hungry! The horrified discoverer of this slow death made his way back, and soon returned with nourishment for the skeleton, which was devoured almost without mastication. After this the poor little thing was fed thus occasionally for some weeks, until yesterday evening, when word of the affair coming to the ears of officers Skillton and Woodruff, they broke in the doors of the room, removed the apparently dying child, and intrusted it for the time to the kind care of John Leigner, proprietor of a saloon on Central avenue, near Ninth street. It was there that our reporter saw the child. It was sitting on the lap of a lady who was nursing it tenderly. Both of its hands were clasped around a large piece of moistened bread, which it was devouring with the rapacity of a vulture. The fingers that encircled the bread were like thin, sharp claws; the little legs that protruded from under the garments were only skin and bone, not larger at the thighs than a stout man's thumb; the neck was no larger than a medium-sized wrist; the features were sharp and pinched, and the eyes wild and brilliant.—The child did not seem to weigh over ten pounds, and yet she was three years of age, and could talk plainly in her weak voice.

She could not walk having apparently lost the use of her limbs by being so long confined to a chair.

One James Mack, a railroad man, was arrested last evening and held at the Ninth street station to await further developments in this strange case. He is supposed to be the father of the child. The mother was also to have been taken in last night, as soon as she could be found.

RAPIDITY OF SENSATION.

If a needle be stuck into one of the fingers, the sensory fibres takes the impression through the nerve and the posterior root to the spinal cord and thence to the brain. The command goes out to "draw the finger away." The mandate travels down the spinal chord to the anterior root and thence through the motor fibres of the nerve to the muscles, which immediately act, and the finger is at once removed. All this takes place with great rapidity, but yet with nothing like the celerity once imagined. The researches of Helmholtz, a distinguished German physiologist, have shown with great exactitude the rate of speed with which the nervous fluid travels; and other observers, among whom Schelske deserves mention, have given a great deal of time and patience to this and kindred questions. As the result of the many deliberations, it was ascertained that the nervous fluid moved at the rate of 971 feet in a second. Now, electricity travels a speed exceeding 1,200,000,000 feet in a second, and light over 900,000,000. A shooting star moves with a velocity of 290,000 feet in a second, and the earth in its orbit round the sun 100,000. A cannon ball has a mean velocity of 1,800 feet in a second; an eagle, 130; a locomotive, 95; and a race horse, 80. We thus perceive that the nervous fluid has no very remarkable rate of speed. A fact which, among many others, deserves to indicate its non-identity with electricity.

Professor Donders of Utrecht, has recently been making some interesting experiments in regard to the rapidity of thought, which is likewise interesting. By means of two instruments, which he recalls the metamachograph and the noematachometer, he promises some important details. For the present, he announces that a simple idea requires the brain to act for .067 of a second for its elaboration. Doubtless the time required is not the same for all brains, and that by means of these instruments we may obtain definite indications relative to the mental calibre of our friends. What invaluable instruments they would be for nominating caucuses, for vestries, for trustees of colleges, for merchants in want of book-keepers; in short, for all having appointments of any kind to make!

For the eye to receive an impression requires .077 of a second, and for the ear to appreciate a sound, .149 of a second are necessary. The eye, therefore, acts with nearly twice the rapidity of the ear.—*Wm. A. Hammond, M. D., in the Galaxy.*

Duluth, the new city at the head of Lake Superior, aspires to rival Chicago, and the only paper of the place, the Minnesotan, publishes this sensible warning: "We repeat it, we don't want anybody but building mechanics, railroad workmen and farmers to come to Duluth at present. We are not ready for any other people. Besides, we warn everybody, of every grade, to bring two blankets with them. Every man takes up his bed and walks."

"A SINGULAR FACT.—The peach was originally a poisoned almond. Its fleshy parts were used to poison arrows, and the fruit was for this purpose introduced into Persia. The transportation and cultivation, however, not only removed its poisonous qualities, but produced the delicious fruit we now enjoy."

We take the above from the *Waverley Magazine* of the 20th of January, 1869. We have often heard it said that the planting of a peach-stone on this island would produce the almond, such as may be seen in the custom-house grounds on this island, and in several of the yards occupied by the citizens.

We are willing to be qualified on oath that some eighteen months ago we planted two peach-stones as an experiment for raising the peach on this island. We now have, in lieu of the peach, the coarse, hard-stone, almond, similar to those above mentioned. We are not aware of any poisonous qualities in this almond, although we have heard of children having died from the effects of eating them, which might have occurred from having eaten almost any other green fruit in excess. We have eaten the fruit ourself without having been poisoned. Can any of our friends throw light upon the subject?—*Key West Dispatch.*

Assets $10,462,531,75.
Amount of Income 6,227,071.
SURPLUS OVER LIABILITIES 2,675,999,48.

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina.
Largest amount of Losses to Widows and Orphans!
The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.
Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

SPARKLING CATAWBA SPRINGS,
CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.
Being situated in the northwestern part of the State in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.
The MINERAL WATERS of these Springs are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility dyspepsia, rheumatism, &c.
The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.
Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.
FINE BATH HOUSES, for Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.
A GOOD BAND OF MUSIC
Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.
Having secured the services of Mr. J. N. CARTER, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.
The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot, every morning, (Sundays excepted,) in connection with the North Carolina Railroad, avoiding stoppage or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well-shaded road to the Springs—a distance of six miles.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

FRIDAY, JULY 9, 1869.

NORTH CAROLINA RAILROAD.

Much of our space is taken up with the proceedings of the North Carolina Railroad Company, and the Injunction obtained from Judge Logan, which no officer could be found to execute. The meeting was one of great interest to the Stockholders and the State. The personal attendance of the Governor; his starting a day or two before the time of meeting; his going in a special train to carry a few friends and a good supply of whiskey; the attendance of two Judges for the purpose of aiding their side or their friends' side, were alike unnecessary and discreditable—to the Judiciary, to the Superintendent of Public Works, and to the Governor. We did not see the Governor in the meeting, except as represented by Laflin, the State proxy. We understand that the Governor's proxy was advised by Dr. Sloan, who sold the cotton, to cast the vote against C. L. Harris, as proxy for the State.

We do not know the Sheriff of Rowan or his Deputies. We hope they were not tampered with by the Governor and induced to put themselves out of the way. We think the Governor never spoke to them in person; that is not the way Holden does things.

If the Governor did speak to them to be absent, and they did absent themselves, he and they are alike indictable.

Certain it is that no officer was found to serve the Injunction, and it was reported that the Governor's friends would have them out of the way if they could.

This is all proper subject matter for the inquiry of the Grand Jury of Rowan.

If the Supreme Court shall, by declaring the acts unconstitutional, stop the work on the Railroads chartered by the last Legislature, Littlefield and his Wall Street Broker friends will be headed off. Then will be renewed the effort on the part of the Ring and the Raleigh & Gaston Road and a few Wall Street folks to buy the North Carolina Railroad. We hear that three of the large Stockholders of the North Carolina Railroad have agreed to go for selling, and that two more are on the fence. Their argument is that the Road is nothing but a political machine, that their motive is to make money, not for the State but for themselves.

The Governor, as we expected, has changed fronts on consolidation, he was at one time for it—now he is against it, if we judge by his acts, and that is the only way to judge him. He will deceive the man who judges him by his words and declarations.

The Governor will be for selling the North Carolina Railroad before the Stockholders see another white frost. He was opposed to selling the State's interest in the Wilmington & Weldon Railroad. He said "let not the demagogue put his itching palms upon it." Yet after this strong declaration he is found favouring the sale of the State's interest in that Road. It did not require an officer to serve Harris', Injunction. The fact that the Governor and Laflin had notice of it, was sufficient.

Judge Logan should punish them both for contempt, but a Judge who will attend as Logan did in this matter, will hardly find out when he is the subject of contempt.

TEN-HOUR LABOR SYSTEM.

The oldest mechanical association in the world, and the one whose rules and maxims for the government of its members exhibit a wisdom far superior to that which dictated the actions of other men in its early days, laid down, as a fundamental rule for the division of the day "eight hours for the service of Deity and works of charity, eight for the usual vocations of life, and eight for refreshment and sleep."

Because labor has, in almost all countries, been subject to the control of capital; and because the "greed of gain," has sometimes got the better of justice in the exercise of this power, and caused masters to exact more of physical labor from those in their employ than a due regard to their intellectual and moral well being would justify, wise law-makers have interposed such legal enactments for the regulation of labor, as would give the master a fair proportion of the laborer's services, and the laborer a fair proportion of his time for rest and mental culture.

Within the second quarter of the present century, in this country, some of the States have, as we think wisely, enacted laws making the maximum of a day's labor, in all mechanical trades, ten hours; and the Printers' union, and perhaps some other mechanical associations, have adopted the same feature in their constitutions, which is binding and is strictly observed even in those States where there is no statutory regulation on this subject.

We think the regulation a wise one, especially in regard to that class of labor which is continuous throughout the year, as is the case in almost every branch of mechanical labor, and we would be glad to see a movement inaugurated to establish such a regulation by law in our own State. This would give all those engaged in mechanical pursuits, apprentices and journeymen, as well as masters, opportunities for mental improvement and the acquisition of that scientific knowledge, which reason and common sense teach to be necessary to the successful prosecution of any trade.

We throw out these thoughts for the consideration of those concerned. At some future time we may revert to the subject and urge upon our law makers the consideration of such facts as we may conceive appropriate to the subject.

STOCKHOLDER'S MEETING.

SALISBURY, July 8TH, 1869.

To day the streets of Salisbury are thronged with men, women and childen, in attendance on the stockholders' meeting of the North Carolina Railroad Company. The families of Stockholders being allowed a free ride accounts for the women and children in attendance.

At 10 o'clock, the meeting was organized by calling John I. Shaver to the Chair, and appointing R. F. Simonton and F. A. Stagg, Secretaries.

The President read his report while the Committee to verify proxies were at work.

The reading of the reports of the Secretary and Treasurer was dispensed with, as each Stockholder held in his hand a printed report from these two officers.

Mr. John H. Haughton, of Newbern, offered the following resolutions:

Resolved, That a Superintendent of Public Works is an officer created by the Constitution of North Carolina, Art. 3, Sec. 1, and that the duties of said officer are required by the Constitution, Art. 3, Sec. 13, to be prescribed by law.

Resolved, That among the duties of the Superintendent of Public Works prescribed by law, are, that he shall have charge of the State's interest in all railroads, canals and other works of internal improvement; also, of all public buildings which are the property of the State.

Act of April 12, 1869: 'That he shall report to each session of the General Assembly, among other things, the conditions and character of the State's interest in the roads, canals, or other works of internal improvement in which the State has taken stock; the financial condition of the same; the receipts and disbursements of the previous year together with such suggestions with regard to the State's interest in the same as may to him seem warranted by the State of the corporation, to recommend such legislation as he may deem expedient in regard to such interest. It being his duty and right also to vote either in person or proxy, in behalf of the State at all meetings of such corporations, in the elections of Directors at which the State is entitled to vote.

Mr. H. made but a few remarks in support of his resolutions, in which he advocated the right of C. L. Harris to act as State proxy.

Mr. Cameron spoke for the chartered rights of the corporation. All he wanted was to hold the State in good faith to its plighted word, as expressed in the charter. The charter gave the Governor the power and right to appoint proxies, and he was content that he should do so. As to the Constitution, about which the gentleman from Newbern talks, it was well understood that Constitutions had become of but little force. The Governor, with his militia, could enter this hall and soon drive us out.

Mr. David F. Caldwell next occupied the floor. He spoke against consolidation, and concluded by moving to lay Mr. Haughton's resolutions on the table. He withdrew his resolution to lay on the table that Mr. Gorrell, of Guilford, might be heard. Mr. G. made a few remarks when the motion to lay on the table was renewed.

Mr. John W. Thomas desired to make a speech only three minutes long, objection was made, that a motion to lay on the table was not debatable.

Gen. Barringer was making a speech when called to order.

Mr. Caldwell withdrew his motion to lay on the table.

Gov. Vance renewed it.

Mr. Thomas again asked to make his three minutes speech but was ruled out of order.

Mr. D. F. Caldwell arose to make a speech, but was ruled out of order.

The meeting then adjourned until 2 o'clock, P. M.

The Chairman at that hour called the House to order.

Governor Vance withdrew his motion lay on the table.

Mr. Badger renewed the motion, and called for a stock vote.

General Laflin cast 30,000 votes, as State proxy, to lay Mr. Haughton's resolutions on the table. He did not call the attention of the Convention to the fact that he had so voted. As yet the Convention had recognized neither of the State Proxies.

Mr. Turner said the corrupt and corrupting influences of straggling carpet baggers was fast finding its way into this corporation. He had just learned that Carpet Bag Laflin had cast 30,000 votes as State Proxy to lay Mr. Haughton's resolutions on the table. You, Mr. Chairman, and this Convention, are ignorant of the fact that such a vote has been cast. Not a half dozen members of the Convention know that such a vote has been cast, and that the Committee are now counting the vote and will soon announce it. He moved to reject the vote cast by Carpet Bag Laflin, as State Proxy. The least sense of propriety or regard for common decency would have taught him that it was grossly improper for him to vote, especially without calling the attention of the Convention to the fact. It is Laflin's question we are deciding. If these resolutions are laid upon the table, that is conclusive that C. L. Harris is not to act as State proxy. Is Laflin the proper person to settle that question. He says he is. We say he is not. This Convention, if they are not lost to all sense, decency and shame, will say he is not.

The Northern vile and corrupt mode of conducting public business had seized upon us in North Carolina. The gold of Wall Street, in the hands of straggling carpet-baggers, moved our Legislature to action. These carpet baggers, with a few corrupt natives, are moving everything by the power and force of money. Carpet-bag influence swindled the State out of one hundred thousand dollars in the location of the Penitentiary. Carpet-bag influence demands that you must have a carpet bag man here to cast the vote of the State in this meeting, as if no native were competent to do it.

Mr. Turner said he was not a little astonished at the remark of the gentleman from Orange. Mr. Cameron, who said "the Governor had the power, with his militia, to drive us out of this hall." We beg to enter our protest against the utterance of such a sentiment. The Governor is not far off; let him be sent for, with his militia,—let them dare enter this hall, for any such purpose, and the men stand here ready to throw the Governor and his militia from the windows of this hall.

The Governor and his Superintendent of Public Works were not likely to conduct their controversy in a manner becoming high and dignified officials.

He heard before this meeting had assembled that the Holden and Harris faction would each have its Judge in attendance to enjoin the other. Holden had enjoined Harris from acting as proxy for the State. Harris has sued out an injunction against Holden, the Governor, and his carpet bag State proxy, Laflin. No Sheriff, no Deputy Sheriff, no Coroner, in all Rowan, can be found to serve the injunction. The supposition is, they have been spoken to that they might be out of the way. The appearance of two Superior Court Judges in accordance with the report, that they would be here is no evidence of judicial corruption, but it is evidence of a want of fitness for the place, evidence of a want of judicial dignity and propriety. He had nothing to say for either of these State proxies.—Harris, it was clear, had the Constitution and law on his side. All he desired was to reject the vote of carpet bag Laflin, and to let carpet baggers and scalawags see that the corrupt practices of the Legislature are not to be inaugurated in the meetings of this corporation. If the vote of Laflin was not rejected, then he was ready to see the Governor, with his militia, drive every man of you out of this hall. For if you have a spark of manliness left in your corporation, you will not allow this carpet bagger to cast this vote.

Carpet bag Laflin rose and said, as there was some objection to his voting he desired to withdraw his vote.

Mr. Turner said he doubted very much if such a favor should be granted. The Convention should rebuke by voting it out.

The resolutions of Mr. Haughton were laid on the table by a vote of 7,154 against 1,904, the State not voting.

The election of Directors coming on, Dr. R. B. Haywood received 5,135 votes; D. A. Davis, 5,982; T. M. Holt, 6,458; John I. Shaver, 5,191; Thos. Webb, 3,043; Jno. L. Morehead, 4,365; Wm. A. Caldwell, 924; John McRae, 2,840.

The four first named receiving the highest number of votes, were declared duly elected.

Mr. Burns offered the following:

OFFICE N. C. R. R. Co., }
Company Shops, July 2, 1869. }

At a meeting of the Board of Directors of the North Carolina Railroad Company, held at this office to-day, the following Preamble and Resolution offered by Mr. Silas Burns, were adopted:

WHEREAS, The Rail Roads of this State are so situated as to cause the loss of a large amount of money and time by the importation of Rail Road iron; and Whereas, all this money is carried out of the State to the detriment of the same; Therefore,

Resolved, By the Board of Directors of the North Carolina Rail Road Company, that it be recommended to the Stockholders at their next annual meeting on the second Thursday in July, that they authorize the Board of Directors to take one hundred dollars stock, per mile, for each mile of road in operation in a rolling mill, to be established in this State at such time as the stock to a sufficient amount shall have been subscribed.

F. A. STAGG, Sec'y.

Mr. Burns, in a speech, advocated the advantage to be derived from adopting the policy indicated by the above resolution.

Mr. Turner said the resolution smelt of the carpet-bag and the Penitentiary swindle. Rolling iron was not the purpose or business of a Railroad corporation. He said Mr. Burns was his witness; he was on the Committee to investigate the Penitentiary fraud. He could prove, by Mr. Burns, that so barefaced and naked a fraud was never before perpetrated.

Gen. Barringer said, our corporation had just quit its farming, hotel keeping, getting sills for other roads, &c., &c. He hoped the Company would engage in no business not legitimately belonging to it.

The vote was taken, and Mr. Burns only voted for the resolution.

Mr. Gorrell offered a resolution that the Board of Directors be requested to make a local tariff for travel not to exceed 4 cents per mile, which was adopted.

Mr. Badger moved to reject the proposition to consolidate the Atlantic and the North Carolina Railroad Companies.

Mr. Haughton made an able speech for consolidation, showing it was prudent, economical and patriotic.

Major Hughes moved to postpone the consideration of consolidation until the next annual meeting, and supported his motion by a few well timed remarks.

Major Smith, President of the Road, replied to Mr. Haughton in a lengthy speech. We will not do the Major the injustice to attempt a report of his speech, as one, well able, has promised to furnish a report for publication. The Major denounced the Legislature for its extravagance and its imposition of taxes, which it did not expect to aid in paying, many of them were bankrupt in fame and fortune. The men of property and character, he declared, were not represented in that Legislature. The applause given showed, clearly, that the Convention was with the President in his denunciation of the Legislature. Major Smith struck C. L. Harris many heavy blows for his presumption in trying to "injunct" the Governor. He said Cebo was hacked, there was no fight in him, for he had put down his big stick.

The Convention took a recess until after dinner, when it again assembled.

Mr. Haughton was replying to President Smith when he was interrupted by points of order. He finally declined further reply after the previous question was called, and objections to his replying in his own way.

Nothing of importance occurred at the night session.

The Governor appointed the old Directors on the part of the State. The old officers will all be re-elected as soon as the Directors can meet and act.

BILL OF INJUNCTION.

STATE OF NORTH CAROLINA, }
COUNTY OF ROWAN, }
Superior Court.

Cebora Harris, Superintendent of Public Works, for the State of North Carolina, vs. Hon. William W. Holden, Governor of the State of North Carolina and Byron Laflin. Cebora L. Harris, Superintendent of Public Works, alleges and complains as follows:

1. That by the Constitution of the State of North Carolina, and, by election of the people, he is Superintendent of Public Works, in and for said State.

2. That by law he is put in charge of the State's interest in all Railroads, Canals, and other works of internal improvement, and by virtue thereof, it is his duty and right to vote in person or by proxy in behalf of the State, at all elections of Directors of corporations or joint stock companies, at which the State is entitled to vote, and to represent, by vote or otherwise, the State's interest in the meetings of all such corporations.

3. That by the charter and by-laws of the North Carolina Railroad Company in which the State of North Carolina owns three millions being three fourths of the capital stock thereof, a general meeting of said corporation is to be held in the town of Salisbury and State aforesaid on the 8th day of July, 1869.

4. That the Plaintiff has understood and believes that Defendant, Wm. W. Holden, Governor as aforesaid, has appointed the Defendant, Byron Laflin proxy, to represent the State's interest in the meeting of said corporation to be held as above set fourth.

5. That by the Constitution and laws of the State, the Governor of North Carolina is divested of all right and authority to make any appointment of any proxy to represent the States' interest in the meeting of said corporation to be held as aforesaid or any other meeting of the same, or any other corporation in which the State has an interest.

Wherefore the Plaintiff demands judgment, that the Defendant, Byron Laflin shall be perpetually enjoined from voting or acting in any manner as the proxy of the State of North Carolina in the meeting of the North Carolina Railroad Company, to be held in the town of Salisbury, on the 8th day of July 1869, or at any future meeting of said Company, and that the Defendant W. W. Holden, Governor of the State of North Carolina, be perpetually enjoined from appointing any proxy whatever, to represent the State's interest in the said meeting of said corporation, or at any future meeting thereof, and also that all appointees of said Governor as proxy as aforesaid, be perpetually enjoined from voting or acting as such in the said meeting or any future meeting of said corporation.

HAUGHTON & HUGHES,
Attorney for Plaintiff

I certify that I did, on the 8th day of July 1869, deliver a true copy of the within to his Excellency Gov. Holden, and to Gen. Byron Laflin and stated to them that I did the same that they might have notice of the proceedings.

Upon the Plaintiff's entering into bond in the penal sum of two hundred dollars according to law, the Clerk of the Superior Court of Rowan County will issue a writ of Injunction against the above named Defendants, W. STATE OF NORTH CAROLINA, }

To the Sheriff of Rowan County:

Cebora L. Harris, Superintendent of Public Works, against W. W. Holden, Governor of North Carolina, and Byron Laflin:

Whereas, Cebora L. Harris, Superintendent of Public Works for North Carolina, has applied to the Hon George W. Logan, one of the Judges of the Superior Courts of said State for an Injunction to restrain the Defendant, W. W. Holden, as Governor, from appointing any proxy to represent said State in a meeting of the North Carolina Railroad Company to assemble in Salisbury on the 8th instant, and, also, Byron Laflin, from acting as proxy therein, which said Injunction has been granted by the said Judge; you are therefore commanded to notify the said W. W. Holden, as Governor aforesaid, that it is ordered and adjudged that he be injoined from appointing any proxy in said meeting or any other of said Company, and also all persons acting under his authority as Governor aforesaid, also the Defendant, Byron Laflin, from acting as State's proxy in said meeting or in any other of said Company. In witness whereof I have hereunto subscribed my name and affixed the seal of said Court. At office, the 8th day of July, 1869.

A. JUDSON MASON,
Clerk of Superior Court.

THE NEGRO POSTMASTER AT MACON.—The arrest of Turner, the negro Postmaster at Macon, Ga., for complicity in stealing unsigned Treasury notes at Washington and passing them with forged signatures in the South, is a sad blow to the negrophilists. Coming as it does so soon on the heels of his appointment, and before the accusations of a similar character made against the Pennsylvania colored appointee are forgotten, it will form a text everywhere for the opponents of the darky. We do not know who her it is the nature of the colored citizen to steal, and that he cannot help it, as some insist, or that he was learned too much from the carpet-baggers and white politicians he has associated with since his emancipation. Be it which it may, we advise Sambo to look sharp at those he puts forward as his representative men in office.—Stealing may be one of the qualifications for that profession, but a quickness at being found out is not.—*N. A splendid opportunity: A stock of fine drugs for sale—address J. S. Roberts, Reidsville, Rockingham County, N. C.

WE FEEL very little like localizing today. There is no news stirring and we have not the energy to make any. We took a bowl of Pepper's turtle soup, and we have felt too good natured ever since to pitch into any body, so we will let rapscallions rest in peace until to morrow.

THE DIRECTORS of the Building and Loan Association are requested to meet at the Court House to-night at 8 o'clock, to pass on the securities to loans made by the association at the last meeting.

SEVERAL ARTICLES prepared for to-day's issue are crowded out.

THE YARBOROUGH HOUSE, under the management of Maj. Blair, continues to grow in popularity; except with this office. There has been no room for additional expansion in that direction, it having fully occupied the available space in the hearts of those connected with the office for a good while. We were laid under additional obligation, however, yesterday, by the arrival of a nice large dish of ice cream and "trimmings" from the Yarborough, accompanied with the compliments of "mine host," for which we tender our thanks.

MARKET, TO MORROW.—Ben. Kirkham will have stall-fed beef and fine mutton, at his stand, at the *old* market, to morrow morning and afternoon. A walk to the Baptist Grove will thus be saved, and good meat supplied. Hours: From 4 to 9 A. M., and from 3 to 9, P. M.

THE N. C. R. & P. E. AGENCY.—The 3rd small drawing of this Company, comprising 262 valuable prizes, will take place on the 10th inst., at Tucker Hall. An official list of all numbers drawing prizes, and the articles which they draw, will be published in the *Velocipede*, copies of which will be sent to any one desiring it.

ADDENDA.—The following names were omitted in our published list of delegates to the Convention at Franklinton, next Monday. Our attention having been called to the omission by the Chairman of the meeting, we add the names to the list already published, viz: N. J. Whitaker, John Morriss, H. S. Whitaker, Geo. W. Crockett, Joseph Blake, S. J. Mitcheney and Samuel Merrill.

WE would call the attention of the County Commissioners to the dilapidated and dangerous condition of the bridge over Crabtree Creek, near Maj. Manly's plantation. During the past two weeks we have heard frequent complaints, made by those who have had occasion to pass over this structure, of the danger that such a passage entails upon both man and beast. We hope the Commissioners will at once give this matter their attention, as we are informed that if something is not done, the bridge will shortly become impassable.

BREAKFAST FOR FOUR.—We hope it is no "invasion of the social circle" to mention that our "beloved" Quartermaster, Judge Redman, breakfasted with Gen. Martindale and Gen. Abbott, Sprague's man, and Dr. Menninger, Secretary of State. This looks like elevating the Confederacy to be its old Quartermaster taken notice of in this manner by "loyal gentlemen." Senator Galloway the colored leader of the party is here also but he was not at breakfast with these gentlemen.

SUPREME COURT.—The Court met at the usual hour; all the Justices present.

The following cases were argued:

State *vs.* Waldrop, from Cherokee County. Attorney General for State. No counsel for Defendant.

State *vs.* Patterson, from Transylvania County. Attorney General for State. No counsel for Defendant.

State *ex rel.* Wm. Faircloth *vs.* Rufus K. Ferrall, *et al.*, from Wake County. W. H. Battle for Plaintiff. Gov. Bragg for Defendant.

SUPREME COURT.

General Rules of Practice in the Supreme Court of North Carolina, adopted June Term, 1869.

I. Appeals will be docketed for their proper districts in the order in which the papers are filed with the Clerk.

II. The Clerk will docket no appeal in a civil action, unless it appears that the appellant has filed in the Court below, an undertaking payable to the appellee, with sufficient surety, and in a sufficient sum for the payment of all costs which may be adjudged against him in the Court; or has made a deposit in lieu of such undertaking; or unless, by leave of this Court, he shall file such an undertaking, or make such deposit with the Clerk here. This rule shall apply, notwithstanding an appeal bond shall be waived by the appellee.

III. The preceding rule shall not apply: 1st. If the Judge below shall have allowed the appellant to appeal as a pauper; or: 2nd. where the State is the appellant in its own interests, or: 3d. where an officer of the State is the appellant, in his capacity as such, and the interest of the State alone is concerned.

IV. Appeals from a county in which a Court shall be held during a term of this Court, if filed before the expiration of the time assigned to the District, will be called during that week, if not filed by that time, they will be called at the end of the docket.

V. The Judicial Districts shall be arranged and assigned in the following order: for,

1st week	First and Second Districts	
2d "	Fourth and Fifth	"
3d "	Third and Seventh	"
4th "	Eighth and Ninth	"
5th "	Tenth and Eleventh	"
6th "	Twelfth and Sixth	"

VI. The cases from each District will be called in their proper order; if either party is not ready, the case may be put to the end of the District, by consent, or for cause shown, and be called in that place; otherwise the first call is peremptory. In like manner, by consent, or for cause, a case may be put to the end of the docket or continued. If no counsel appear for either party at the first call, the case will be put to the end of the District, and if none appear at the second call, it will be continued.

VII. Cases not prosecuted for two terms will be dismissed at the costs of the appellant, unless continued for cause; with liberty however to either party to move at the next term to re-instate it; or afterwards upon sufficient cause.

VIII. The appellant is entitled to open and conclude the argument.

IX. When an appeal shall be taken after the commencement of a term of this Court, the judgment and teste of the execution shall have effect from the time of the filing of the appeal.

Note. The only difficulty in the adoption of this rule, was the case of *Farley vs. Lee* 4 *D and B* 169; for the idea of allowing a judgment in a case which in fact was not tried below until after the commencement of a term of this Court, to relate back and take effect from the first day of the term was out of the question. We are relieved from this difficulty by *Whitaker vs. Wesley* 74. *E. C. L. R* 48, decided in 1852, in which all the cases on the subject were fully reviewed and the conclusion is, "that a mere form or fiction of law introduced for the sake of justice, shall not work a wrong, contrary to the real truth and substance of the thing." We consider *Farley vs. Lee* (decided in 1838) over-ruled by the authority and reasoning of this case. The judgments of this Court (as between themselves and without reference to the judgments of other Courts) relate to and take effect from the first day of the term; except in the case above referred to, in such cases the judgment takes effect from the filing of the record of appeal.

X. The Clerk of this Court will keep a judgment docket, with an alphabetical index of the names of the defendants. On this docket he will enter a brief memorandum of every final judgment of this Court affecting the right to real property, and of every judgment requiring, in whole or in part, the payment of money; stating the names of the parties, the term of the judgment, its number on the docket of the term, and if for the payment of money, the amount of the judgment; and when it shall appear from the return on an execution or from an order for an entry of satisfaction by this Court, that the judgment has been satisfied in whole or in part, the Clerk at the request of any person interested in such entry, and on payment of the lawful fee, shall make a memorandum of the time of such satisfaction, whether in whole or in part, and refer briefly to the evidence of it.

XI. Executions from this Court may be directed to the proper officers of any county in the State; the manner of their teste is prescribed in Rule IX preceding; at the request of the party in whose favor execution is, it may be made returnable on any specified day after the commencement of the term of this Court next ensuing its teste. In the absence of such request executions shall be made returnable on the first day of the term next ensuing their teste; and on motion, for special cause, execution may be taken out during the term.

XII. The Court will not regard any agreement alleged between Attorneys or Counsel unless it be admitted or shall be in writing and filed in this Court.

XIII. Memoranda of pleadings will not be received in this Court as pleadings, even by consent of parties, but will be disregarded, as frivilous or impertinent.

On motion of either party, or in a gross case, of its own motion, the Court will refer it to the Clerk, or to some member of the Bar, to report whether pleadings in a cause, are scandalous and impertinent, and if they be found so, the Court will order the scandal or impertinence to be stricken out at the cost of the party.

XV. A motion to dismiss an appeal for want of notice of the appeal, can only be made at or before the calling of the cause. On the hearing of such motion, the notice must be shown, or be shown to have been received. Notice will not be presumed merely because the appeal appears to have been taken during a term of the Court.

XVI. Any party within two terms after a judgment in this Court, may file a petition to have the cause reheard upon any matter of law. To such petition shall be attached, a certificate signed by two Counsellors of this Court, who did not appear in the cause at its first hearing, stating their opinion that the judgment was erroneous. It must also appear that the judgment has been performed, or that its performance has been properly secured; or some sufficient cause must be shown for dispensing with these conditions. Such petition must also assign the errors complained of.

XVII. Appeals from judgment rendered ten or more days before the commencement of a term of this Court, must be filed within the first eight days of the term, or before the calling of the district to which the case belongs, otherwise they will be continued until the next term.

Madame Demorest, the well known *modiste*, and her daughter, Miss Vienna Demorest, sail for Europe on the 18th inst. It is the lady's intention to establish in Paris a branch of her New York emporium of fashion.

STATE NEWS.

RECOVERY.—The Wilmington *Star*, of yesterday, informs us that Messrs. Avery, Eilers and McLaurin, who were severely scalded by the bursting of the steam chimney of the Brandt, below Wilmington, are recovering from their injuries. The body of young Meares has not yet been recovered.

ONE OF 'EM.—A colored grand juror of Judge Cantwell's Special Court, in Wilmington, has been indicted for fraud by the body of which he is a member, and dismissed from the jury until he can have a trial.

GREAT SUCCESS.—The Charlotte papers speak in glowing terms of the success of the Masonic Bazaar now open in that city.

BIBLE SOCIETY.—The Edgecombe county Bible Society has been reorganized, and is receiving contributions for the purpose of a free distribution of the Scriptures in the State.

We saw yesterday, at the Foundry of Wilkes & Co., a lot of lamp posts, which, upon inquiry, we learned were cast for the city. We infer from this, that the streets are soon to be lighted with Gas.—*Char. Observer.*

SHELL ROAD.—The Wilmingtonians are organizing a Company to build a shell road from that city to Wrightsville. Over half the estimated amount necessary has already been subscribed, and it is thought the stock will be profitable.

THE new Baptist Church in Wilmington is represented as one of the finest houses of worship in the South. Mr. John Sholar is the architect and builder.

SAD INTELLIGENCE.—We regret to learn that Rev. Jno. Long died very suddenly at Atlanta, Ga., on Monday last. The sad intelligence was telegraphed to his family, at Thomasville, on Tuesday but we have been unable to learn the particulars. Mr. Long had many warm friends in this place. —*Greensboro' Patriot.*

CLEARED.—Green Hairstone, convicted of murder in Surry Superior Court, Fall term 1868, and on appeal, was granted a new trial by the Supreme Court, was tried again, and acquitted, at the term of Surry Superior Court just closed. The Winston *Sentinel*, speaking of the trial, says: "It was a subject of remark that in this case, which has become one of much notoriety, that the council for the prisoner—a freedman, selected the most intelligent men for jurors that they could get, and nearly, if not entirely so, all of that class of men who were formerly slave holders and now strong conservatives. This fact goes to show that when the life of even a freedman is at stake, our ablest jurists—those whose opportunities give superior advantages in discovering truth, always prefer good old fashioned Conservatives to new fangled radicals."

BLACKBERRIES.—An old lady in Guilford county, with the assistance of her children, last year, picked and dried blackberries enough to bring her in nearly four hundred dollars; and this year she expects to do better. Just think of it! While many, no doubt equally as able, are idling and lounging about, this old lady has made enough in one year, on blackberries, to purchase a snug little farm, and, with luck, this year, will make enough to stock it comfortably.

LAST NIGHT'S DISPATCHES.

FROM WASHINGTON.

WASHINGTON, July 8.—It has been ascertained from the best authority that the dispatch announcing that Admiral Poore succeeds Hoff in Cuban waters, was premature. Hoff will only be relieved at his own request. Authorities find no fault with Hoff's official conduct.

The iron clad "Centaur" has gone to Santiago de Cuba to investigate the circumstances attending Speakman's death, and, if necessary, to demand prompt reparation. Several of the heaviest iron clads will soon be dispatched to Cuban waters. The "Seminole" sails to-morrow and the "Dictator" in six or eight days. Within the next two weeks twenty vessels will be available for public service whenever an emergency may require.

Major Wofford, of Mississippi, has received a dispatch from Jackson, signed by the Judge of the Court of Errors and Appeals, Secretary of State, Judge of the Criminal Court at Vicksburg, the United States District Attorney T. C. Murphy, and other prominent citizens, saying the National Union Republican party, backed by the popular sentiment of Mississippi, will support Judge Lewis Dent for Governor. His election is a certainty.

Major Wofford was to-day authorized by Judge Dent to say he would accept the nomination.

Female employees of the Patent Office are required to take the iron clad oath.

The President will make no present change in the Liberian mission.

FROM VIRGINIA.

RICHMOND, July 8.—Additional returns received to-night show that Walker's majority will probably be fifty thousand. In many of the white counties west of the mountains, where Walker gets three or four hundred, Wells only gets three or four votes.

Gen Canby, in a conversation to-day with a Republican member elect of the Legislature, said he was much pleased at the good order in the election, and thought, from reports of his officers, it had been, as far as heard from, as fair as could be held in any State in the Union.

READ WHAT THE

HIGHEST INSURANCE AUTHORITIES

SAY OF THE

BROOKLYN LIFE!

"A Company that makes such endorsements on its policies, gives the strongest pledge that it will fulfil its trust faithfully, and keep its reserves sufficient."—HON. ELIZUR WRIGHT.

"The BROOKLYN LIFE has placed itself in the vanguard of insurance reform, and is the first Company that has done full and complete justice to the insured."—INSURANCE TIMES, Jan. 1869.

THE BROOKLYN LIFE, ALONE OF ALL OTHER LIFE INSURANCE COMPANIES, GUARANTEES A DEFINITE SURRENDER-VALUE IN CASH, AND EVERY POLICY ISSUED BY THAT COMPANY, BEARS A CERTIFICATE STATING WHAT THIS EXACT WORTH WILL BE IN DOLLARS AND CENTS, AT ANY TIME, AFTER THE PAYMENT OF TWO OR MORE PREMIUMS.

"The BROOKLYN LIFE has made no half-way work of the adoption of this inestimable feature. It is noteworthy, in this connection, as a merited tribute to the excellent Company (Brooklyn Life,) which has so gallantly raised the standard of reform in Life Insurance, that we find in the whole list of existing Companies, few competitors which deserve so much credit in respect of economy of management, or care, skill and judgment in the selection of risks."—INS. SPEC. Jan. 1869.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

Dividends are paid IN CASH, or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, as either way, at the option of the policy-holder.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to the compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

As scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unlocated tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, miseries may be suddenly deposited in the lungs or heart, or tumors formed in the liver. Those who make the occasional use of the *Sarsaparilla* as a preventive, advisable.

It is a mistake

THE SOUTHERN SYMBOL.

BY ALBERT PIKE.

What, what is the true Southern symbol,
The symbol of honor and right,
The emblem that suits a brave people
In arms against numbers and might;
'Tis the ever green stately magnolia
Its pearl of flowers pure as the truth,
Defiant of tempest and lightning,
Its life a perpetual youth.

French blood stained with glory the lilies,
While centuries marched to their grave,
And over bold Scot and gay Irish
The thistle and shamrock yet wave—
Ours, ours be the noble magnolia,
That only on Southern soil grows,
The symbol of life everlasting;
Dear to us as to England the rose.

Paint the flower on a field blue as Heaven,
Let the broad leaves around it be seen,
"Sempervirens" the eloquent motto,
Our colors the blue, white and green.
Type of chivalry, loyalty, virtue,
In winter and summer the same,
Full of leaf, full of flower, full of vigor,
It befits those who fight for a name.

For a name among earth's ancient nations,
Yet more for the truth and the right,
For freedom, for proud independence,
The old strife of darkness and light,
Round the world bear the flag of our glory,
While the nations look on and admire,
And our struggle, immortal in story,
Shall the tree in all ages inspire

We, the undersigned, having been appointed supervisors of the above Company, do certify that we neither own any stock or tickets, nor can we, and we will here state that the drawing will be conducted fairly for all who hold tickets, whether present or not at the drawing. We will publish a full list of all numbers drawing prizes, which will be sent to any one desiring it.

SIDNEY H. ROGERS,
JAMES H. FOOTE,
L. O LATHAM,
Supervisors.

The Age of Progress.

We publish to-day, the first scheme in the sale of Real and Personal Estate—a Company chartered by the last Legislature, with a capital of one hundred and thirty thousand dollars, and with power to increase that amount to five hundred thousand dollars. An examination of the charter satisfies us that the Company is pursuing a legitimate business; they are empowered to "dispose of Real and Personal Estate in any mode or forms they may deem best," and all laws, or clauses of laws, coming in conflict with said charter are hereby repealed." This is plain and unmistakable English and we have no doubt the transactions of the Company will prove beneficial to the property holders of North Carolina. For example: Mr. A. owns a piece of real estate which he wishes to dispose of. He throws it upon the market, and fails to get a bid that would warrant him in making a deed. He then places it in the hands of the North Carolina Real and Personal Estate Agency, at a fair valuation, and the property is sold by chance—the owner gets his price—the Company a fair and reasonable compensation for selling—and some poor man, for two dollars comes in possession of a homestead which, under any other circumstances, he would not have owned.

In fact, we do not view the Company as a Lottery—it is what it purports to be, a simple Agency for the sale of property, for its true value, which, otherwise would be sacrificed.

We refer our readers to the advertisement—the splendid real estate offered, and the other rich prizes, amounting in all to THREE THOUSAND AND ONE—and the reader will perceive, by the simple rule of division, that there is one prize to every twenty-four tickets.

The General Agent of the Company has given us a call, and assures us, that the success of the Company is no longer a problem. In thirty-five counties through which he has just traveled, he represents the people as being enthusiastic in favor of it—both as to securing, and the placing of property in the hands of the Company for sale. He represents four already, before the first grand drawing has taken place, applications to sell, amounting to half a million dollars, are on file in the Secretary's office.

We learn from the Raleigh papers, that the explanatory drawing which took place in the city of Raleigh, on Saturday last, passed off to the decided satisfaction of a large audience assembled in Tucker Hall to witness it.—*Wil. Post.*

One three cent stamp must accompany every order. All tickets will have the seal of the Company and signature of the Secretary.

☞ We refer to any Merchant, Banker or other gentleman of standing in the city of Raleigh.

For further description and particulars, address
JOHN SKINNER,
june2-tf SECRETARY.
